Foreword

Having recently sold my farm it has become necessary to disperse my entire herd of purebred Shorthorn cattle. This herd has been built up during the past fifteen years, and the past five sires have all been secured from Mr. Claude Gallinger, Edmonton. These bulls include Killearn Monarch 18th, Killearn Watchman, Killearn Winalot, Killearn Norseman 29th and Killearn Red Max. Winalot and Red Max are offered in this Sale along with many of their progeny.

This dispersal offers breeders an opportunity of securing Shorthorn cattle in field condition, but representing some of the most fashionable blood lines in America. The older females in the Sale have calves at foot and most of them are rebred. Service dates are indicated for the older bred heifers and a few of the younger heifers are sold open.

This herd is fully accredited for T.B., and all animals except the vaccinated heifers will have successfully passed a Negative Blood test for Bang's Disease within thirty days of the Sale.

It has been a pleasure to work with my fellow Shorthorn breeders individually, and in the Manitoba Shorthorn Club. Buyers who plan to attend my Sale are also requested to attend the Manitoba Shorthorn Club Sale which will be held at the Provincial Exhibition, Brandon, Thursday, July 5th.
